

PM&A Places in Atlanta's Largest Engineering Firms

Moving on UP!

April 13, 2018 –P. Marshall & Associates, LLC. (PM&A) placed in Atlanta's Largest Engineering Firms by the *Atlanta Business Chronicle*. The listing is ranked by 2016 gross engineering billings for the Atlanta office. This year PM&A ranked 13th, ranking higher than previous years.

PM&A is an award-winning, privately held multi-discipline firm headquartered in Atlanta, Georgia who has also been recognized by the *Atlanta Business Chronicle* as one of the Best Places to Work in Atlanta for numerous years. As a national provider of engineering, technical and consulting services in the construction industry, PM&A's services have been sought after by architectural and construction firms, developers, telecommunications companies and educational institutions of all sizes.

PM&A exists to support their clients in building world class infrastructure. Whether it's designing the foundation and structure of a cell phone tower, or the plumbing and lighting of an office building, PM&A excels in designing what you see and don't see. Using the same level of attention to detail in every facet their multi-discipline firm offers, PM&A thrives on building, *pun intended*, long lasting structures and relationships with their clients.

PM&A continues to enjoy rapid growth since their inception in 2006 while maintaining their unique corporate culture. They achieve their top notch culture by hiring professionals with the right values and behaviors that PM&A stands by—Freedom and Responsibility.
